

Folsom Prison BluePill

Lyrics ©2017 by Dan Curtis

(to the tune of "Folsom Prison Blues")

I see the changes coming,
time and time again.
The world has gone insane since 2010,
and delusion has gone mainstream, thanks to CNN.
So now I'm counter culture, like Alex Jones and friends.

When I was just a baby my mama told me, son
Always be a good boy, and don't ever be a girl.
If you ever get confused now, just look into your pants.
Obama didn't start it, but he sure hit the gas.

I bet there's rich folks writing
the script for mainstream news.
They're making it all up,
to suck the blood from you.
They've made insanity contagious, just like stupidity.
But Obama's still on tv,
and that's what tortures me.

They're bringing in jihadis,
and shutting down free speech.
They want to take our guns and give us microchips.
So head on down to
your local red pill store.
and join the counter culture,
right here at Info Wars.
